Discovering Your Gifts Passions and Personality

with Nancy Andreson

Every Christian has at least one Spiritual Gift, but 80% of the church hasn't yet discovered theirs. This means 80% of God's family hasn't yet engaged God's special gift for serving others. This class will help you identify your spiritual gifts and passions, and help you to apply them according to how God has made you. This is a three-session class meeting on Sunday mornings during first service. Cost is \$8.00 for materials. Limited to 15 people.

Living Out Our Christian Faith

with Jonah Spence

The Book of James is considered one of the earlier New Testament letters. It was written to Jewish Christians who were "scattered" across a large geographical area and who were facing great adversity in their day. So when James, inspired by the Holy Spirit, wrote to them he was encouraging, exhorting, and teaching them how to live out their Christian faith in the midst of the society they lived in. Do you realize that aspects of what James shared with the believers then are still applicable for us today in helping us live out our Christian faith? Come discover what some of those are and make them apart of your walk!

Pop Culture Apologetics

with Ed Smith

"Christianity's beliefs about Jesus were copied from other pagan religions." "The Bible's portrait of Jesus can't be trusted because the church tampered with the text." "People should be able to pick and choose what to believe about Jesus." This is a taste of the ideas floating around popular culture lately. So what do you have to say in response when you hear these claims? Ever been stuck without a good answer to these wild assertions? This class based on Lee Strobel's The Case for the Real Jesus, will help equip you to respond and share the truth in a gentle and winsome way.

Romans 12: 6 & 7 says, "We have different gifts according to the grace given us...if it is teaching, let him teach..". Are you a teacher? If so are you impacting the lives of your recipients in a deep way? This class is designed to help and challenge those who teach to do just that. A large portion of the material covered in this class will be taken from the book Teaching To Change Lives, by Howard Hendricks.

Discovering How to Pray for Others

with Nancy Andreson

Learn the Vineyard model of prayer. Our goal is to help you become equipped to pray for those who need emotional and physical healing, deliverance from demonic oppression, and for the daily provisions we all face. This will give you a better understanding of our values in praying for others as well as a practical model for praying for anyone in any setting. The class format is teaching followed by practice. It is exciting to experience the Holy Spirit's love and power through prayer. This class is required for those in leadership at the Vineyard, or if you desire to pray on our ministry team, or for those planning to participate in an I.A.M. Spain Prayer/Ministry tour. This class runs for three sessions during 1st service.. As a prerequisite to attending this class, listen to Steve Robbins first session of the Healing Conference tape prior to class. Copies of the tape are available in the lobby.
